EDUCATION

BTech in Computer Science and Engineering
VIT Bhopal University

Graduating May 2027
8.2 CGPA

TECHNICAL SKILLS

Programming Languages: Python, Java, C++

Databases: MySQL, PostgreSQL

Web Development: HTML5, CSS3, JavaScript, React.js, Node.js

Cloud & DevOps: Amazon Web Services (AWS – EC2, S3, IAM), Cloud Fundamentals, Deployment Basics, CI/CD Concepts

Machine Learning & Artificial Intelligence: TensorFlow, Convolutional Neural Networks (CNN), Model Training & Evaluation

Data Analytics & Visualization: Pandas, NumPy, Data Cleaning, Exploratory Data Analysis (EDA), Data Visualization (Matplotlib, Seaborn), Statistical Analysis

ACADEMIC PROJECTS

PaisaWise [LINK](#)

Personal Expense Tracker .

- Engineered and deployed a privacy-first, minimalist expense tracker using React, Vite, and Tailwind CSS to deliver a fast, intuitive, and responsive user interface.
- Developed a client-side data solution using browser local storage, featuring a quick-add form and an interactive pie chart for instant financial analysis, ensuring user data never leaves the device.

Plant Disease Recognition System [LINK](#)

Deep Learning | Computer Vision

- Developed a deep learning–based plant disease recognition system using Convolutional Neural Networks (CNNs) to classify plant leaf images, achieving **94% accuracy**.
- Implemented end-to-end model training, image preprocessing, and evaluation pipelines in **Python** using **TensorFlow/Keras** on **Google Colab** for efficient experimentation and scalability.

CERTIFICATIONS & ACHIEVEMENTS

- **Human-Computer Interaction (IIIT Delhi, NPTEL Swayam):** Certified with 94% score, gaining strong foundations in user-centered design and usability principles.
- **Founder & Vice President, Agentic Intelligence Society (VIT Bhopal):** Established and led a student tech society focused on AI agents and emerging technologies.
- **Smart India Hackathon 2025 (Internal Round):** As Project Manager, led teams whose 2 ideas were shortlisted among top 75 out of ~1000 submissions at VIT Bhopal.
- **AWS Technical Essentials:** Certified in core AWS services, cloud fundamentals, and deployment concepts.
- **Apoorv CTF 2024 (IIT Kottayam):** Solved multiple cybersecurity challenges and secured All India Rank 161, strengthening applied security and problem-solving skills.
- **Social Media Coordinator, E-Cell VIT Bhopal:** Drove social media campaigns resulting in a 35% increase in engagement through data-driven content strategy.
